Scoring Element Modification

A modification will only be processed for changes that decrease a project's score or impact eligibility. Requests for changes related to the project's financials will need to be accompanied by a financial workbook comparing the application budget to the budget at project modification. For a modification to be approved, the project Sponsor or Owner must have made reasonable efforts to meet the original commitments or must provide a reasonable written justification of why the commitments cannot be met. There must also be a good cause for the change, as determined by the Bank at its sole discretion. Examples of a good cause include events outside of the sponsor's control and changes necessary for a project to maintain feasibility such as: 1) a change in market conditions; 2) loss of committed funding to subsidize project rents; or 3) loss of a major employer in the community that makes it difficult to find households at the incomes committed to in the project's AHP application to occupy the targeted units in the project.

Indicate scoring element to be changed:

- Donated Property
- Nonprofit Sponsorship
- First-time Homebuyers Unit Reservation
- Targeting and/or Total Number of Units
- Homeless Housing Unit Reservation
- Special Needs Unit Reservation
- Households Requiring Large Units Reservation
- Rural Unit Reservation
- Promotion of Empowerment (General Fund Only)
- Community Stability
- Native Housing
- Small Rental Projects (Nevada Targeted Fund Only)

Provide a brief explanation of the proposed changes. Attach additional documentation if necessary.
